# Three - The Achiever

---

## NATURAL STRENGTHS

- The ability to pray with focus and purpose
- Confident coming before the Lord
- Doesn't just talk about praying, but takes action

## OPPORTUNITIES FOR GROWTH

- Not getting discouraged by unanswered prayers.
- Verbalizing feelings and opening up completely with God
- Approaching prayer out of relationship and not duty
- Learning to embrace slow, quiet and seemingly “unproductive” times

## ACTION STEPS

- 1.** Incorporate graceful movement like walking or stretching to give your body something to “do” so your mind can focus on prayer.
- 2.** Try praying throughout and over your home.
- 3.** Consider leading others in prayer by starting a prayer group. Make sure to give them space to express their own hearts to God.
